PUBLISHERS NOTE

This directory contains public information gathered by an actual door-to-door canvass and is compiled in a way to insure maximum accuracy.

The Publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., presents to subscribers and the general public, this, the latest edition of the Gloucester City Directory, which also includes Rockport. (In all, R. L. POLK & CO., and its affiliated companies publish more than 1,300 different Directories).

Confidence in the growth of Gloucester's industry, population and wealth and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting cities and communities to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service, with an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Directory will fulfill its mission as a source of authentic information pertaining to the area.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on Yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings, a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES, of residents and business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation, telephone number and address of each adult resident, and the name, official personnel, nature, telephone number and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at

their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for reference as perpetual and reliable advertisements.

The Gloucester Directory Library

Through the courtesy of the publishers of the City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

ECONOMIC BASE

HISTORIC TRENDS

Gloucester and the towns of Essex, Manchester and Rockport comprise the whole of the peninsula known as Cape Ann. Gloucester was originally settled in 1623 by a group of colonists who were known as the Dorchester Adventurers. Although today an up-to-date industrial city, its sea-faring traditions of over three hundred years are still noticeable in its narrow streets, wharves, weathered roofs and spires and particularly so in the smell of a compound of tar, salt air, and frying fishsticks. In 1643, the first ship was built in Gloucester and the first schooner in the world was built there in 1713. An active maritime business began in 1700 and by 1741 over 70 fishing vessels were operating from the port. The Revolutionary War and the War of 1812 interrupted Gloucester's progress in fishing, but as fishing declined foreign commerce increased. Although dominated by an Anglo-Saxon population for over 250 years, immigrants from Portugal, Italy and a few from the Scandanavian countries established their homes in this area, enriching the city with their own traditions. They took an active part in the fishing industry and its allied industries such as spar and sail making, rigging, iron-making and the manufacture of glue, isinglass and fertilizer.

PRESENT ECONOMY

General

Gloucester is an industrial city with fishing one of its important industries. In 1982, a total of 849 units employed an average of 11,965 with an annual payroll of \$172,887,938 reported to the Massachusetts Division of Employment Security. The most important industry as measured by employment is manufacturing, dominated by fish processing. In 1982, Gloucester was the 6th in amount of commercial fishery landings of the U.S. ports (144,300,000 lbs.) and 8th in value of landings (\$44,500,000). Second in importance services which caters to the large number of tourists, who visit Cape Ann annually, and this is followed by retail trade.

Manufacturing

In 1982, there was an average of 4,033 persons employed by 58 manufacturing units with an annual payroll of \$74,897,035. Leaders in the manufacturing industries were those 13 units preparing food and kindred products, particularly seafoods. They employed an average of 1,381 persons during 1982, with an annual payroll of \$25,927,282. Other manufacturing groups with large employment were machinery (except electrical), and electric and electronic equipment.

Trade

In 1982, 71 wholesale units employed an average of 935 persons and had an annual payroll of \$16,879,776; and an average of 1,966 persons were employed by 207 retail units with an annual payroll of \$15,760,627.

The 1977 U.S. Census of Business reported the following Retail Trade data for Gloucester and Essex County:

TRANSPORTATION

GENERAL

Gloucester is serviced by the Boston and Maine Railroad. Route 128 makes Gloucester easily accessible to Boston and points south and west. Airport facilities are readily available as are harbor facilities.

RAIL

The Boston and Main Railroad serves the city with freight services. The B & M acts as agent for the Massachusetts Bay Transportation Authority in providing passenger service. Piggy—back service is available in Boston on Conrail and the Boston and Maine.

HIGHWAY

The network of numbered highways serving the city may best be understood by consulting the map accompanying this monograph. Gloucester is the northeastern terminus of State Route 128, the Golden Semi—Circle, around Boston. The city is also served by State Routes 127 and 133.

BUS

The city is served by the Cape Ann Transportation Authority which serves 2 other municipalities in the area.

OTHER

Established truck lines provide competitive freight service to local and to distant points. Port of Boston docks and the Logan International Airport are easily accessible over Route No. 128, thus providing intercity and international ocean and air service. Beverly Airport is 17 minutes from Gloucester. It has three runways: 3500 feet, 4,637 feet and 5,000 feet. There are good sized hangars, complete with workshops for overhauling almost any type of plane. Gloucester Harbor has a controlling depth of 15.2 feet in the inner harbor and 18 to 25 feet in the outer harbor.

Harbor facilities and services are being increased and rejuvenated.

A foreign cruise ship has made 3 recent visits to the port and allowed passengers to visit the Cape. It is likely that other cruises will follow.

ECONOMIC DEVELOPMENT

ORGANIZATIONS

Gloucester Industrial Development Commission, City Hall, Gloucester, 01930. Cape Ann Chamber of Commerce, 128 Main St., Gloucester, 01930.

LABOR SUPPLY

Current data on labor supply in the Gloucester employment area may be obtained from the local office of the Division of Employment Security, 18 Washington St., Gloucester, 01930.

AVAILABLE BUILDINGS AND SITES

For specific data contact organizations above or Division of Economic Development, Massachusetts Department of Commerce and Development, 100 Cambridge Street, Boston, Mass. 02202.

PLANNING

GENERAL

The city of Gloucester has a planning board which exercises sub—division control powers. A master plan has been completed with the use of federal funds and the city is a member of the Metropolitan Area Planning Council.

ZONING

The following table shows the number, types of districts, minimum lot area and frontages required in the city's zoning ordinance as amended in May, 1975:

Districts	Minimum Area (sq. ft.)	Frontage (ft.)
R-1 Coastal Residential	40,000	124
R-R Rural Residential	40,000	125
R-2 Low Density Residential	20,000	80

Out of Sight • Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist on being well represented in its pages.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

The Alphabetical List Of Names of residents, business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation and address of each adult resident, and the name, official personnel, nature and address of each firm and corporation in the community.

2

A Householders' Directory including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A Classified Business Directory -listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "Yellow Section" or Buyers' Guide, where the advertiser may explain in greater detail the services or products he has to offer.

5

A Statistical and Historical Story of your city; plus miscellaneous other information.

Ⓡ RESIDENT OF ROOMER

ⓗ HOUSEHOLDER

Four major directories in one volume:

- 1 Classified Business Directory . . . the names and addresses of all business and professional firms listed under appropriate headings.
- 2 Alphabetical Directory . . . all adult residents including: name—marital status—address—occupation—employer—householder or resident—retiree—student—member of Armed Services AND . . . all business and professional firms including Firm name and address—officers—owners—partners—managers—products or services
- 3 Street Directory of Householders and Businesses . . . Every street address including Individual Householder—telephone number—homeowner or renter—new resident—apartment building—business firm—type of business—office building—street description—intersecting streets—ZIP codes.
- 4 Numerical Telephone Directory . . . Telephones in number sequence including: Individual name—business firm name—pay telephones.

Be certain that everyone in your organization is carefully instructed and thoroughly familiar with the information it contains and how to use it. To assist you, the publishers have included detailed instructions on the opening pages of each of the four Directories which should, in a general way, familiarize each user with its contents and applications.

Also, should you desire additional copies of these instructions, please write the publisher at the address in the front of your Directory.

NUMERICAL TELEPHONE DIRECTORY

The Telephone Numbers and names in this Directory were supplied to us during our regular door to door canvass.

This Directory is designed to assist you in providing additional information when only a telephone number is available.

NUMERICAL TELEPHONE DIRECTORY

BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numerical sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.
